What is the Spa Invitational?

The Spa Invitational is a one-of-a-kind women's event centered on relaxation, connection, and purpose. Inspired by a traditional golf tournament, but with a twist, our "championship course" is the Spa at the Hyatt Regency Orlando, where each of the 18 holes represents a pampering experience such as facials, massages, make-up applications, nail treatments, and more. The day begins with a continental breakfast alongside health, beauty, and local business showcases. From there, the pace is yours to choose, with one guiding motto: Less Pace, More Grace. Take time to slow down, escape, and restore, all while knowing your participation helps raise vital support for Grace Medical Home.

Who wins? Everyone! Participants will enjoy a refreshing day of connection and networking with friends, colleagues, and other guests—while Grace Medical Home receives the vital support needed to continue its life-changing mission. It's a win-win for all, and we can't wait to celebrate the 14th year of this special event together!

Event Beneficiary: Grace Medical Home

More than 177,000 people in Orange County are uninsured and have no access to ongoing care due to insurance status and cost barriers. Keeping a roof over their heads, putting food on the table, or maintaining reliable transportation often takes precedence over medical care.

Grace Medical Home addressed that community need by reflecting the heart of Christ and offering the highest level of health care to the low-income, uninsured in Orange County. Grace is more than medicine. As a medical home, primary care providers work in tandem with mental health counselors, dietitians, specialty care physicians, dentists, spiritual care volunteers and others to ensure every patient has access to care and support to address their unique health care needs. The scope of care ranges from basic annual checkups to coordinating life-saving surgery with referral partners. Grace also addresses the social determinants of health like food insecurity and housing instability by connecting patients with the community resources they need to achieve optimal health outcomes.

Grace's mission is supported almost entirely through private donations and over 40,000 volunteer service hours annually. Since its inception in 2010, Grace has served more than 5,400 patients through nearly 190,000 patient encounters with a total value of care exceeding \$90M.
